

P3 Newsletter Term 3

Welcome Back Everyone!

Timetable for Term 2

P.E. - Monday and Friday
Art – Thursday
Kodaly (music) - Friday

Homework

This will be shared on a Monday on our Teams page and Seesaw. Please return/upload anything you want to share by the following Monday.

Literacy

Phonics/ Spelling

This term we're using these sounds:
oi/oy, oa/ow, oe, aw/au, ew/ue
and key words.

Imaginative Writing

Firstly, we'll look at setting, and later characterisation. This will inform our grammar as we work on commas in sentences of three, adjectives and similes.

Reading

First part of the term will have an emphasis on non-fiction text, followed by comprehension and word knowledge using fiction.

Numeracy and Mathematics

- Multiplication and division strategies.
- Revisiting place value, addition and subtraction.
- Time and capacity.

Health and Well Being

The children will continue some work on a growth mindset and learn about emotions.

Contexts for Learning

Our topic this term is Space: the outcome specifically talks about the relationship between the Earth, Moon and Sun. This will be our focus. We will also look at creating algorithms in coding.

Ideas to Help at Home

- Look at some non-fiction text with your child. Point out the contents page, glossary, index pages. Look at how information is presented through cross-sections, pictures, diagrams and how these are labelled.
- Try precision maths (on teams under the files tab) or practise some simple sums within 20, multiplication tables / division, to increase accurate and quick recall of facts.
- Help your child to learn to tell the time using analogue and digital displays.

**If there is anything that you wish to discuss further, then please do not hesitate to ask.
Thank you for your help and support.**
