

Weekly Timetable

Monday - PE and Library
 WELLBEING Wednesday - Assembly and PE
 Thursday - Miss Smith/ Miss Anderson
 (*Outdoor learning - Dress appropriately*)
 Friday - Miss Anderson/ Miss Smith

Important Dates

24th January - P6 & P7 Rotary Quiz
 8th/9th/12th/13th/14th February - School Closed
 15th March - World of Work Week
 20th March - Diversity Day - Dress as you please!
 Thursday 28th March- End of term

While learning in Literacy this term, we will be focussing on Information texts. As we explore non-fiction text, we will develop our understanding of how the author organises and explains the information being shared and we will strive to apply these techniques as we create information text of our own. In doing so, we will pay close attention to the requirements of our target audience and use technical and topic specific vocabulary to hook and engage the reader.

While learning in Numeracy and Maths this term, we will be focussing on time, angles, Fractions, decimals, and percentages and revising calculations involving the 4 operations. Within FDP we will simplify, compare equivalent and convert between forms to help us solve everyday problems involving fractions, percentages or decimal fractions. As we refine our skills in telling the time, we will focus on time-based problems incorporating schedules, durations of events and the relationship between speed/distance and time when planning events in our daily lives.

Class Quests

To begin with, we are continuing with our learning about the World Wars, with a greater emphasis on the events leading up to and during the Second World War. After the February half term, we will then move onto more of an environmental science and geographical focus as we investigate the Amazon Rainforest. We will also explore ways in which we can help to protect our planet and live in a more sustainable way.

Other Curricular Areas

Miss Anderson will be leading our health and wellbeing work this term. She will be covering the Relationships, Sexual Health and Parenthood outcomes. More information can be found here by following the link here. <https://rshp.scot/>
 Miss Smith will be exploring Shakespeare's works and modern adaptations this term.

Other Useful Information / Top Tips

Homework Encourage your child to complete their homework and return it to school on time
Read! Read! Read! This is so beneficial for children. It can be anything; magazines, comics, non-fiction books are all wonderful if your child isn't keen on novels. Something is better than nothing!
Times tables Practicing times table facts is something that can benefit everyone.
Mathematical Life Skills Support your child to consolidate skills such as telling the time, learning time equivalents (weeks/year, days/year etc), spending money/giving change, weighting/distance.
